

**REMARKS**

This amendment adds new Claims 31, 32, and 33 to more fully describe Applicant's claimed invention. Claim 30 is marked as "Previously Presented", as it was amended before the International Bureau in a paper filed 11/16/2005. It is respectfully submitted that no new matter has been added. The amendment was not made for reasons related to patentability, and the full range of equivalents for all of the elements of the new claims, and all other claims, should remain intact.

A favorable consideration that results in the allowance of all of the pending claims is earnestly solicited.

Respectfully submitted:

Harry F. Smith
